ID 22321

Offer Corporate follow-up, firm follow-up, follow-up

Oral, maxillofacial and maxillofacial surgery

The acquisition will include shares in a long-established, high-yield practice with a large patient base with locations in northern Germany.
The practice has the following areas of dentistry, orthodontics and one of the most comprehensive performance spectrums of cosmetic and dental surgery in northern Germany. In the field of surgery, another specialist dentist for oral surgery is active with a focus on implantology. A well-coordinated, motivated team and modern and friendly rooms complete the positive picture.
Start with a full schedule and a lot of potential in self-employment.
