Offer Corporate participation, firm participation

## **Mechanical engineering**

offer active participation in mechanical engineering company. Ideal for experienced mechanical engineer or qualified technicians with a lot of experience and bite. I could also imagine a qualified electronics technician or PLC and / or robot programmer. A person with limited financial means but an absolute desire to be self-employed is also an option. The company has existed for 20 years. Now I would like to slowly withdraw and leave the fate of things together with my son to a younger partner.

### Participation

Region 96, Germany

Entry in own name
