Truck towing service

I have a small car technology company and offer a 25% stake for a truck towing service. For the purchase of tow trucks of a 10 ton truck I still need eur 150,000,-. As an additional security, I leave the type certificate to the person involved. I have a large network of transport companies and a cooperation with a truck mining company. The catchment area to be covered would be the greater Vienna area, southern Lower Austria, Burgenland and parts of Styria.
