## Look for Corporate participation, firm participation **E-bike trading**

Search participation in an e-bike trade.

In addition to the standard range of e-bikes, e-load bikes and other special e-bikes are also sold, built up, maintained and repaired.

An agreement already exists with a European manufacturer for exclusive distribution for Germany, so that the activity in the B2B and B2C sector is covered.

An online shop is already online, but needs to be expanded further. So are the accompanying marketing measures. The partner should actively take over this task and have the appropriate experience.
