Natural cosmetics

Are you looking for an innovative business idea and would like to market natural products that stand out from other products?

Then become our licensee.

As a manufactory, we offer certified natural care products based on Traditional Chinese Medicine. Our focus is on healthy skin and problem skin. The natural products are suitable for allergy sufferers, therefore almost unrivalled and a unique niche product.

We are an internationally active family business looking for licensees in Germany and all over the world. We offer you a proven and successful business concept with innovative products based on TCM, which are manufactured in Germany.

In addition to the tested natural products, our corporate concept includes attractive business conditions, a colourful design of the premises with sustainable shelves and other furnishing ideas.
