Offer Liquidation, Operating dissolution **Realtor**

After 40 years of active brokerage, I am retiring from the real estate business. In addition to a B2B database with over 5,000 current contacts/customers, I would like to pass on my knowledge and other helpful documents to a prospective customer. As a mentor and initiator, I can also be available for a manageable time. Would you like to become self-employed as a real estate agent or position yourself even more broadly nationwide as an established broker? Talk to me. I can help you.
