Look for Corporate sales, firm sales, sales **Building cleaning**

I am looking for a cleaning company in the greater area that is looking for a successor and maybe doesn't want the classic sale.

The focus of my search are the areas of services, such as cleaning, caretaker service, Disposal, etc.

For almost 12 years I have been working in the field of service in a leading position, of which the last 6 years independently.

I have also worked internationally and have a strong Understanding of sales.

For a succession plan, it makes a lot of sense if the previous owner or CEO stay on board for a while, even for a longer time.
