Look for Corporate participation, firm participation

## **Web design**

We are looking for a participation in the field of web design, digital business in Germany.

We ourselves are a web design agency with  
Focus on WordPress and online marketing. Preferably small and medium-sized end  
customers and no focus on print media.

Therefore, such a participation would be complementary for us.

I am looking forward to the joint discussion.

### [Participation](#)

Region 59, Germany

Entry in own name
