Restaurant and Boutique Hotel

to all interested parties,

Already in we created a historic restaurant with attached hotel area in the HunsrÃ¼ck in Rhineland-Palatinate.
The property is conveniently located at Hahn Airport and looks back on a history dating back to the 17th century.

Among the previous owners, it has made an extremely good name for itself in the last 50 years far beyond the country's borders and we are repeatedly approached by previous guests about a planned opening date. So guests can't wait.

The property consists of a restaurant area with about 90 seats divided into 4 guest rooms, a spacious kitchen with storage facilities and staff room, a huge outdoor area with courtyard and mill pond, and a hotel area with 11-13 charmingly furnished hotel rooms.
