## **Metalworking**

Offer participation in metalworking

In the course expansion of the field of activity with own clamping lifting production I am looking for partners or shareholders, experienced skilled workers would be optimal.

In the planning is rent a production hall for 3 to 4 CNC machine tools for contract manufacturing of machine, tool, prototype and mold components.

As a master precision mechanic (HWK), I am a sole proprietor in the field of programming services in machining production to customers CNC machine tools, since as follows:

- Individual NC programs for customer processing machines with complex, kinematic transformations and multi-spindle configurations using 3D - CAD SolidWorks and SolidCAM - 2.5D / 3D HSS milling, create, test and release.
- Workshop-oriented programming (WOP) for dialog, - and DIN-ISO NC program creation, - testing and program running.
