## Offer Corporate sales, firm sales, sales **Sporting goods store**

We offer a sports shop (available for 30 years) with a professional website and Amazon account. We equip some clubs (equipment contracts, as well as club team shops available). The shop area has about 75 square meters.

This includes a press and plotter, because we print on site. The complete furnishings and goods are also part of it. We give it away cheaply, because unfortunately it is no longer possible for us for health reasons. There are also ongoing negotiations with other clubs, and we are ready to do so if a training session is required.
