Key depot

For the establishment of a GmbH/UG, a silent partner is sought for up to 15% of the company shares.

The capital requirement is €30,000 (6% is also possible for €15,000)

1. Establishment and operation of a regional, reputable locksmith
2. Sales and installation of wireless alarm systems (40% profit margin)
3. Implementation of the core idea of "key depot"
4. Scaling of the key depot to the entire federal territory

According to an Australian concept, customers can deposit keys at a low annual price and retrieve them on demand (24/7).

Among other things, this saves the use of expensive locksmiths.

The concept is aimed at 1,000,000 keys stored nationwide.
