Business for sale more than 15 years

ID 24405

Offer Corporate sales, firm sales, sales **Sun protection specialist**

We are looking for a successor or offer a sale of our specialist company for sun protection (sales, installation and repair of sun sails, slat and terrace roofs, awnings and pergolas)

The company was founded on and has an annual turnover in the last 10 years of around € 750,000 net.

The sale includes an established name and a unique exhibition of the offered products with 200 m² indoor and 1,800 m² outdoor, as well as a warehouse with 100 m². Tools and machines are designed for assembly, and currently there is also a forklift.

The company is suitable for experienced in the industry as well as for newcomers or start-ups.

The location is optimal because important cities are easily accessible and therefore offer great potential.

For health reasons, we are handing over the business, but of course we are happy to provide advice and support for an agreed handover time.
