Look for Corporate financing, investor **Personnel Consultancy**

We are a personnel consultancy with an annual turnover of approx. 5 million euros.

The order situation is good and the company is very profitable.

Due to the rapid growth, we have operated factoring, which has become very expensive due to the interest rate situation.

Therefore, we would like to reduce our financing costs through a silent partnership and at the same time bring in an investor who can generate an attractive return.

We need about 400,000 euros for 24 months. We could offer 7% as an annual return. The interest can also be paid monthly.

Of course, we can also imagine several silent partners. Entry is possible from 50,000 euros.

We look forward to hearing from you.
