## **Metal grinding shop**

Metal grinding shop is looking for a successor to take over the company

The company is looking for a successor who will take over the entire company, including employees and machines.

The company has been in existence since 1991 and has a grown and solid customer base from the automotive industry, medical technology and apparatus engineering.

We are a metalworking service provider and offer manual grinding and polishing of surfaces of all kinds. Be it stainless steel, steel, brass, aluminum, copper or cast iron.

Sand and glass bead blasting of small parts are also carried out in-house.

Our decades of experience and technical know-how allow us to respond to all your wishes and find a solution to even the trickiest problem.

Flexibility, on-time delivery times and cost-effective calculations are standard in our company.

Many customers are regular customers who have been appreciating the craftsmanship for years, especially lovers of classic cars. (e.g.
