Look for Corporate follow-up, firm follow-up, follow-up **Forwarding**

I am looking for a small transport / forwarding company for the purpose of continuation and expansion (succession planning). I am open about the direction of the company. The size of the company should be in the small range (approx. .max. 10 vehicles). However, everything else can be discussed in more detail in a personal conversation. I look forward to every contact request.
