

The big business marketplace

Business for sale more than 15 years

ID 25059

Offer Corporate sales, firm sales, sales **Catering**

We are selling our catering company due to a new project.

The company has been established for over 20 years and is fully equipped (kitchen, van, etc.). The preliminary run-up, which is currently not to be sneezed at, will also be handed over. There is no investment backlog and you can get started right away. In addition to the meals, we offer all additional services such as crockery, equipment and staff rental. We currently serve volumes from 10 to 400 people. Another line of business is the operation of market stalls at regional markets such as wine festivals and Christmas markets.

A partial sale, such as name, order lead time and customers, is also conceivable for us. Takeover of the premises possible.
