Business for sale more than 15 years

ID 25116

Offer Corporate sales, firm sales, sales **Photovoltaic and glass facades**

For sale is a company that has been active on the market since 1999 and is managed as a GmbH & Co. KG, which specialises in sustainable fa ade design, development, production and sales of glass fa ades. The company operates in the solar and glass fa ade segments and has a deep value creation as well as strong unique selling points. In the course of its business activities, the company has developed products that have received general technical approval.

The company, which is run by the second generation, currently employs 21 people and has a salaried managing director and a second management level.

The main turnover is currently generated in Germany, exports to European countries as well as other continents are already taking place. Ideally, a buyer should expand internationalization and worldwide sales.
