Accounting office, payroll office

I am now looking for an accounting office or a payroll office for purchase, whether there is staff or not does not matter to me. Something in and around would be perfect.

I myself have more than 10 years of experience in a tax firm and have held several management positions in the private sector over the last more than 10 years. There is also experience with self-employment.

I'm open to all suggestions

Thank you very much
