

The big business marketplace

Business for sale more than 15 years

ID 25240

Offer Corporate sales, firm sales, sales

Retail

It is about the sale of a DE online shop for private and business customers in the field of fashion, sports & leisure and more. The shop also attracts customers from abroad, especially Swiss, who spend more money on average.

The purchase includes, online shop, domain, brand and associated social media accounts.

After the purchase, I will look after you for 2 weeks to change everything necessary, if desired.

The online shop and the domain have to be moved after purchase, a server with appropriate capacities is required, a small web space is not sufficient here.

In addition, you will need new licenses for all premium plugins after purchase, as the existing licenses can no longer be used due to the connection to my company.

The online shop is a registered word/figurative mark that is sold and then transferred to the new owner.
