

The big business marketplace

Business for sale more than 15 years

ID 25250

Offer Franchise, license **Entertainment**

Would you like to become self-employed?

We offer you a fully developed business concept, which also overcomes bank hurdles in the form of a business plan. In addition, we offer contacts to suitable commercial properties and contact persons. The business concept itself is tailored to the future transformation of shopping centres. Several shopping centers and center managers have already expressed their serious interest in the concept. It has also been tested by us for a year - with success.

However, we not only offer them the business concept, but also offer the possibility of further support from us. Benefit from our know-how and experience.

Everything else only in personal conversations.
Only serious interested parties.
