Offer Geschäftsidee, Geschäftsmodell **Chocolate Manufactory**

Re 1: Short description

The company concept consists of various chocolate products, all of which can be individualized. The products are all very easy to make and therefore, anyone can make them themselves after a short practical training. Of course, a little practice is part of tempering the chocolate.

Re 2: Developed products

City Chocolate 9 Edition in Pop Art Design
City Chocolate 9 Edition in Nostalgia Design

Chocolate coins with ver. Toppings

Drinking chocolate in three different sizes. Chocolate varieties

The homepage, image data, suppliers, goods, printers, shipping boxes, moulds for chocolate, warming basins, labels, boxes for packaging, food printers, files and graphics are sold

You still need the raw materials (chocolate and cocoa butter as well as sugar paper) and can start production.
