Outpatient care services

We are an owner-managed provider of care services from Bavaria and are currently looking for further growth opportunities.
We do not limit ourselves to Bavaria, but are also happy to talk to you about locations in other federal states.

If you are currently thinking about selling your company, or have already made the decision to put your care service in good hands, we look forward to hearing from you.

We will be happy to provide you with more information about us in an initial phone call.
