Look for Corporate follow-up, firm follow-up, follow-up

Transport & Logistik

I am currently working as a business consultant and aim to operate as an independent entrepreneur in the near future. To achieve this, I am seeking an existing company for sale. I am not focused on any specific industry, but the company should ideally be located in the Ruhr area, generating annual revenues of up to 700,000 EUR, be profitable, and have a business model that is understandable for me as a generalist.
