Outpatient care, household services

Outpatient care service in the region of Cologne and Rheinisch-Bergischer Kreis for sale

For sale is an established outpatient care service with a wide range of services, including domestic support, everyday support and specialized dementia care. The billing of the services is carried out directly by the care insurance funds, which ensures stable and reliable sources of income.

The company is currently run by the owner and has a dedicated team of 2 part-time employees and

5 mini-jobbers. There is a healthy volume of orders as well as a continuously high demand for the services offered.

This business opportunity provides a solid basis for further expansion and long-term success in a fast-growing industry.
