Offer Corporate sales, firm sales, sales **Practice for Learning Therapy**

I am selling my owner-managed, well-established practice for learning therapy, as I will move further away. I took over the practice from the founder in and expanded it. The practice has 2 rooms, two employees and about 40 students from first grade to graduation. There is also a waiting list.

The practice is conveniently located directly at the train station in MÄ¶rfelden Walldorf and is generously equipped. We are recognized as a service provider for the youth welfare offices of the city of GroÄŸ Gerau, Darmstadt, Dieburg and RÄ¼sselsheim.

The practical equipment with furniture and teaching material is part of the offer, ideal for starting a business. Induction and initial guidance is possible.
