Offer Corporate follow-up, firm follow-up, follow-up **Laboratory**

The owner-managed laboratory was founded in 1992 in its own historic, late classicist building with a very pleasant ambience in the city centre.

The current usable area of the laboratory is approx. 370 sqm, a significant expansion would be possible, as the building has 950 sqm of commercial space.

32 in-house parking spaces offer convenient and free parking for employees and visitors directly at the building. One tenant is a dental practice, next door to the laboratory.

There is no investment backlog at the building or in the laboratory, everything is up to date.
