Temporary employment agency, temporary employment

Due to parental leave and a replacement who has not worked profitably, we are looking for a buyer for our temporary employment agency as soon as possible.

Founded in 2022 as a limited liability company with one shareholder.

Located in , near Düsseldorf.

Currently 13 external employees at 4 ongoing customers, almost all with a factor of 2.0.

The permit was recently extended for the 2nd time until the beginning of 2024. Programs, occupational safety and partners for accounting and billing are in place.

Internally, only one employed CEO and one mini-jobber are still under contract.

We would hand over without these two internal employees.

Website, social media channels and recruitment tools are already in place.

The company only has liabilities to the shareholder, in the form of loans, which would be included in the purchase price.

If there is interest, we are happy to discuss further details.
