ID 25720

Offer Corporate follow-up, firm follow-up, follow-up

## **Advertising technology, printing and multimedia**

A long-established service provider with a fixed customer base is looking for a successor for reasons of age. A comprehensive induction is assured.

The company was taken over by the previous owner in 1997 and has been active as a service provider in the field of advertising technology, printing and multimedia for more than 40 years.

The entire range of media services is covered in our company. This ensures short distances with minimal friction losses. Creative process and production from a single source: An invaluable advantage for our customers from trade, trade, industry and museums.

In addition to a UV flatbed printer (300 x 250 cm) with plate cutter, cutting plotter and welding machine for PVC banners, we have various digital printing systems and the necessary print finishing for small and medium-sized print runs in-house.

### Succession

Region 97, Germany
