Accounting office

I am an accountant and successfully run a digital accounting office. I am currently looking for expansion opportunities, whether by taking over an existing accounting office or through a strategic cooperation.

I am particularly interested in:

- Number & size of clients
- Degree of digitization of your processes
- Reasons for the submission
- Revenue/profit metrics and other relevant operational data
- Information on employees, if available

If you are interested in a conversation, I look forward to your message or an with further details. I would be happy to make an appointment afterwards to discuss your ideas and possible next steps.

I thank you in advance for your trust and look forward to hearing from you.

Thank you very much in advance.
