Become part of a leading care franchise concept – your opportunity in the future market of care for a potential new opening in and the surrounding area

Our care concept offers you the opportunity to combine economic success with social commitment. As a franchise partner, you run your own business in a fast-growing market, supported by a proven and constantly expanding system.

With over 100 locations in Germany, our franchise system is one of the leading providers of 24-hour care. In Germany, more than 2.9 million people in need of care are already cared for at home – a number that continues to grow as nursing homes increasingly struggle with costs and a shortage of skilled workers.

We offer our customers loving and affordable 24-hour care for her home.

Your advantage with us:

Established brand with high awareness.

Relatively low initial investment.
