Offer Corporate follow-up, firm follow-up, follow-up **Gym Health Training**

Due to time constraints, a fitness studio with a total area of approx. 400 square meters will be offered as part of a company succession, half of which will be training areas with a course room and with a complete customer base as well as equipment and inventory.

The existing staff will be happy to be available for a transitional period to be agreed upon as part of the succession, so that getting to know and taking over the customer base, most of whom have been with us for many years, can proceed smoothly and successfully.

Previous supervisors / trainers / course instructors can therefore continue to be used if desired.

Stock: over 100 subscription customers (many of them long-standing), plus regular visits from point card owners and many loyal EGYM-Wellpass customers.

Succession

Region 89, Germany
