Offer Corporate sales, firm sales, sales **Household & kitchen**

Established e-commerce company in the household & kitchen sector for sale

About the company:

For sale is a successful e-commerce company that specializes in the "household & kitchen" sector. The focus is particularly on high-quality products made of olive wood, which are characterized by their durability and unique appearance.

Over 90% of our products are sold through established platforms such as Amazon, Etsy and eBay, which ensures a strong market presence and stable sales.

Brand details:

Officially registered brand, founded in 2022

Established with a growing customer base and positive reviews

Focus on sustainable, handmade products made from olive wood

Reasons for selling:

The sale is taking place for time and financial reasons, as we currently lack the necessary resources to continue to actively scale the company.
