

The big business marketplace

Business for sale more than 15 years

ID 25884

Offer Corporate sales, firm sales, sales **Manufacturer of plastic windows**

The company is an established provider for the design, production and installation of individual solutions in window and door construction. As a long-standing partner of Kömmerling / Profine, it covers their entire range of (plastic) construction elements, including sophisticated lift-and-slide systems and aluminium cladding. A modern production facility, well-trained, motivated staff and an established ERP system ensure high certified quality and efficient processes.

With a tradition of over 115 years, the owner-managed company has a strong market position and maintains long-standing business relationships with specialist retailers as well as prefabricated house manufacturers and system suppliers in Germany and France. With the CSTB certification, the company stands out from its competitors in a special way.
