Offer Corporate follow-up, firm follow-up, follow-up **Tutoring institute**

For reasons of age, we are looking for a successor for a successful tutoring institute in the Herford district with two locations. The institute was founded in 1998 and the second location was opened in 2002. Due to the proximity to a university location, we have always been able to have a large pool of an average of 22 motivated, certified and committed teachers who work for us as freelancers.

The locations are centrally located and within walking distance of local schools (grammar school, comprehensive school, secondary school and primary schools), with public transport connections 5 minutes walk to the central bus station with a stop right in front of the door.

Both locations have three group classrooms as well as one or two meeting rooms plus an office and waiting area. There are long-term tenancies.
