Pastry business

Unique pastry concept, on the market for 4 years.

We are looking for investors with good experience in the catering and the franchising business.

We are a family held business, producing and selling by ourselves. Founded at the time of the 80s, we successfully asserted ourselves on the market.

Our product and concept has repeatedly been featured in TV documentaries and daily newspapers.

Our unparalleled product is of outstanding quality and is freshly prepared in front of our customers (show effect), it appeals to customers aged from 4 to 99 years old.

We have regular customers not only from many cities in Germany but also from abroad.

We are looking for a committed investor for our expansion.

The concept has great potential as an independent franchise and/or for sale to cafés, restaurants or hotels at home and abroad.

The production scaling potential is enormous and has been successfully tested.
