Offer Corporate follow-up, firm follow-up, follow-up

Hospitality

An open-air restaurant at the lido just outside Vienna is looking for a new tenant. The restaurant as well as the outdoor area have been renovated since 2021, have contemporary, modern furnishings and offer its guests a relaxing ambience for relaxing hours in the midst of the idyllic floodplain landscapes on a tributary of the Danube on around 200 seats. The restaurant is primarily used to cater for the bathers and the allotment garden tenants living on the bathing area. It takes advantage of its beautiful location on the banks of the Danube in the north of Vienna to offer its visitors relaxing hours. In addition, it offers the possibility of hosting events in the interior.

The transfer fee is based on the investments made so far. These were mainly carried out ahead of time and were thus far below the current price level.
