Look for Corporate follow-up, firm follow-up, follow-up **Mechanical and plant engineering**

Manufacturing and processing companies from the mechanical and plant engineering, metal processing and consumer goods manufacturing sectors are sought.

Would you like to retire due to age and are looking for a solid successor for your company? Then I may be the right person for your company.

I am a Dr.-Ing. specializing in mechanical engineering, have experience in a wide variety of industries and have been self-employed with an engineering office and a consulting company since . The company would be continued by me personally.

If you are looking for a successor, I would be happy if you would contact me.
