Plastic construction

Business for craftsmen who want to become self-employed. Plastic terrarium construction and online accessory sales for reptiles

I am selling my business to someone who wants to become self-employed in the craft sector.

Plastic terrarium construction and sale of accessories for reptiles.

The terrariums are made of plastic sheets.

The plastic sheets are cut to size on a precision circular saw and then glued together.

When selling, the following is included in the price:

Online shop

E-Bay Online Shop

Approx. 12,000 customer addresses with contact for advertising purposes.

Workshop equipment (e.g. 2 precision circular saws, large collets, templates, etc.).

Plastics for the production of terrariums.

Large stock of goods (accessories) for sale in the online stores. E.g. terrarium lighting, heaters, regulators, etc.

If desired, also an induction period of 2-3 days.

Selling price: EUR 80.000,--.

I sell for reasons of age.
