ID 26109

Offer Corporate sales, firm sales, sales

## **E-commerce companies**

An established online retailer for photovoltaic components (including inverters, storage systems, mounting systems) is up for sale as part of an asset deal out of insolvency. The shop is technically scalable (JTL-Wawi, Shopware), and the SEO visibility is excellent. Around 200,000 items are listed in the system. Stock: approx. 100,000 €. Active B2C/B2B customer base exists. The location is , a relocation is possible. No old liabilities, pure asset purchase.

Particularities:

Strong brand presence with two domains

Process-reliable merchandise management (JTL)

Automated e-commerce infrastructure

SEO traffic and organic reach

Project business possible in addition

Target groups:

PV dealers, e-commerce companies, sanitation/electrical companies, buy & build investors, project developers

The sale will take place exclusively by way of an asset deal.
