

## Offer Corporate follow-up, firm follow-up, follow-up

### **Copyshop**

I am looking for a successor for my copy shop as I would like to retire. Fully equipped with the latest machines and equipment for printing, copying, scanning up to large format DIN A0+, textile printing, sublimation printing (cups, mugs, etc.), binding machines with embossing printers, textile presses, etc. The copy shop is operated from our own property, which is also available for purchase. Website, domain, etc. - everything is available, as are suppliers with top conditions. Overall, a top location in a very central point in Munich. Subway, bus, and tram can be reached in 2 minutes. Neighbors range from department stores to hairdressers, driving schools, banks, post offices, supermarkets, etc. - everything can be reached in 1-2 minutes. The copy shop has been operating at this location for almost 20 years after we moved. Our name is particularly well known in student forums. No one is faster than us as we produce everything ourselves in-house. Takeover is possible immediately. Walk in and get started straight away, no start-up time.

#### Succession

Region 81, Germany
