An established Amazon Seller Central account with FBA is up for sale. The account is registered in Germany and approved to sell across all European marketplaces.

- 12 years old
- Over 6,300 reviews with 96% positive rating
- Excellent standing with Amazon (including valid VAT ID and no violations)

Background:

The account has mainly focused on women's clothing (especially underwear). Over time, supplier became less and we no longer had the time to reposition the product line. As a result, sales steadily declined, and we have decided to part with the account instead of rebuilding it.

Important:

This is not a running brand or store. It is a healthy, long-standing seller account that can be freely repurposed by the buyer for any new direction.

Asking price: €25,000 (+VAT)
