Music

For reasons of age, we are selling our well-functioning private music school. We teach students of all ages. The school can be further expanded and has a very well-established name.

There are currently 330 pupils of all ages taught.

The premises cover approx. 400 m² and are rented. They consist of 11 classrooms, a waiting area and a small kitchen. The teachers work on a fee basis.

In order for the continuation of the school to run smoothly, the customer base, the rental contract, the teachers and the instruments were to be taken over. I am happy to help with the induction and pedagogical support.

There are no brokerage, commission or other fees, nor are there any license or franchise fees.
