## **Coffee, Bakery**

For personal reasons, we are looking for a successor for our established and popular café, which has been located in the heart of Kreuzberg for 11 years.

Our charming café has made a name for itself and is a meeting place for office workers, tourists and residents alike. We are known for our high-quality coffee specialties and especially for our daily, homemade baked goods, which are freshly prepared in our own bakery.

The store is fully operational and has a loyal customer base as well as a warm, welcoming atmosphere. It provides an excellent foundation for someone who wants to jump right in and continue the success story.
