## Gebäudereinigung

After much consideration, we have decided to sell our building cleaning company. ????

We serve only key clients, including offices, staircases, dental practices, fitness studios, etc. ?????????????????? Our monthly income from these fixed key clients is approximately €15,000.00. Additionally, we offer winter services for four properties from 01.11 to 31.03, for which we receive approximately €5,000.00 for the entire season. ?????? We have comprehensive, indefinite service contracts in place, with a mutual termination notice period of three months. ?????????? All our loyal customers have been satisfied with our services for over three years. The sales price includes all materials, office furnishings, website, etc. ?????????? If you are interested, please inform us of your plans. We will send you a detailed, self-produced prospectus about our company. ?????? We proceed step by step. Our price expectation is €230,000.00. ?????? You can invest and, within 1-2 years, retrieve your money with a guarantee. If desired, we will work with you for one year as customer support. ?????? We look forward to your inquiry! ??????????
