Dear Sir or Madam,

I am currently planning to establish a small or medium-sized cable production facility.

In this context, I would kindly request a list of cable production companies in Germany, along with their contact details and websites.

I am also interested in information about small or medium-sized cable factories for sale.

I am particularly interested in the production capacity, selling price, and other relevant details. It might also make more sense to acquire an existing, functioning cable factory instead of establishing a new factory.

I thank you in advance for your support and look forward to your feedback.

Best regards,
