### Taxi

Search for taxi companies for later takeover (LÃ¼beck, from 2I am looking for a taxi company in LÃ¼beck â€“ preferably a one-car company â€“ to take over from 2026 or 2027. An orderly takeover of operations with sufficient lead time is planned to ensure a smooth transition.

I am interested in a sustainable continuation of the existing business and attach great importance to a fair, partnership-based handover.  
Whether as a complete purchase or as part of a gradual takeover â€“ both are conceivable.

If you as an entrepreneur would like to hand over your business to good hands in the next few years, I look forward to hearing from you.  
Confidential treatment of your enquiry is of course assured.
