

Offer Corporate follow-up, firm follow-up, follow-up

## Health food store

We run an organic market with bistro in Ostholstein and our customers are both local regular customers and long-time returning tourists.

Our shop with a bistro has approx. 120 m<sup>2</sup> of sales space plus kitchen, small office, storage and cellar room.

We carry all goods for daily needs (are supplied 3 times a week), are supplied with delicious bread 3 times a week by two organic bakeries. Have a nice selection of cheeses, wines, fruits/vegetables and carry well-known natur cosmetics items. All items are certified organic.

We bake our own cakes every day, but also offer ready-made long-life pastries.

Our lunch menu with daily changing dishes is very popular, which is why we recommend continuing the bistro with lunch, snacks, coffee, tea and cake.
