Look for Corporate follow-up, firm follow-up, follow-up **Gym**

I am looking for a small gym within a radius of about 30 - 40 km around to take over.

Whether in rented rooms or in your own property.

I imagined a small gym with a maximum of 400m², showers do not have to be available either.

I would like to run the studio or own my own because of my hobby, fitness and bodybuilding sports.

Thank you very much for your feedback.
