Bus company

Opportunity to take over a successful bus company with strong future prospects

A long-established bus company from the Upper Palatinate is for sale as part of a succession arrangement.

The company has been successfully operating in scheduled and coach services for over 90 years and has established itself as a reliable partner with an excellent reputation and loyal customer base.

Its range of services includes fixed scheduled-service contracts for public clients as well as club and school excursions, complemented by tour and excursion services.

This provides the company with a reliable revenue base, with additional growth potential in the travel segment. Long-standing cooperations with municipalities, schools and associations ensure stable income.

A modern fleet, an experienced team of employees and suitable operating and parking facilities ensure smooth operations.

The company is in a sound financial position and is characterized by consistently stable revenues.

The owner offers an orderly handover and is happy to support the successor during a transition phase.

For potential buyers, this presents an opportunity to acquire a healthy, long-established and at the same time future-proof business model.
